Shawnee State Forest
Regeneration Harvests 1997 - 2012
Harvest data - ODNR Forestry, 2013
Roads - US Census TIGER, 2011
Forest boundary - ODNR GIMS, 2012
State forest ownership shown is representative and believed to be be correct, but not warranted. State forest boundary lines on the ground are identified with signs and/or yellow paint marks on trees. Harvest data is accurate to within 2 years. Some local roads or accessways may not be included on this map. ODNR Forestry assumes no liability for damages caused by the use of this map.
Created June 21, 2013. Approved by Robert Boyles, Chief, ODNR Division of Forestry.
