11. Why aren't there any over flow sites for holidays and busy weekends?

Zaleski Horse Camp provides 16 campsites. When it is full to capacity, the facility, horse ties, space and latrines simply can't handle more campers. It would be irresponsible to crowd the camp beyond its capacity. It's not fair to the campers either. Camping there is free of charge, and we can't physically and administratively handle more campers than sixteen sites will hold.

12. How close to the Horse Camp am I allowed to hunt?

When a legal hunting season is in, you are not permitted to hunt by any means within 400 feet of any camping area, residence, barn, service building, latrine, or other structures, or shoot on, from, or across any road or driveway within the Forest.

OAC 1501:3-6-01
