

Nature Thing of the Month

Graceful Great
Blue Heron
August 2009

page # _____

Great Blue Heron Photo Journal

Grab a 35 mm camera or ask for your parent's/guardian's permission to use a digital camera. Then start taking pictures of great blue herons you spot at your local Ohio state park. Print out the photos and paste them to this piece of paper. Make sure to write down where and when the photo was taken as well as writing down all of your observations! Put all pages of your photo journal in a three ring binder and do not forget to number each page. Have Fun!
