

**General Community Information**

**Community Name:**

**County:**

**Date of Review:**

**Map Index Checks**

**Did your community receive at least one copy of the preliminary DFIRM panels for your community?**

- Yes  
 No (if no, please explain in the section below)

*Comments (If you have not received the preliminary maps for your community, please contact Jonathan Sorg, ODNR, at (614) 265-6780 for assistance.)*

**Do the panels listed in the “Listing of Communities” table cover your entire community?**

- Yes  
 No (if no, please explain in the section below)

*Comments*

**Is your community information correct in the “Listing of Communities” table on the map index?**

- Yes  
 No (if no, please explain in the section below)

*Comments*

**Are all major roads shown on the map index and spelled correctly?**

- Yes  
 No (if no, please explain in the section below)

*Comments*

**Are your community’s corporation limits shown correctly on the map index?**

- Yes  
 No (if no, please explain in the section below)

*Comments*

**Are the bodies of water (rivers, streams, lakes, etc.) shown on the map index spelled correctly?**

- Yes  
 No (if no, please explain in the section below)

*Comments*

Please list any additional comments not addressed by the previous questions within this section.

### Base Map Checks

Are your community's corporation limits shown correctly on your map panels?  Yes  
 No (if no, please explain in the section below)

Comments

Are major streets and highways located and labeled correctly on your map panels?  Yes  
 No (if no, please explain in the section below)

Comments

Are there any other roads or highways that need to be identified/labeled in order for map users to find specific locations?  Yes (if yes, please explain in the section below)  
 No

Comments

Are bodies of water with identified 100-year floodplain located and labeled correctly on your map panels (streams, rivers, lakes, etc.)?  Yes  
 No (if no, please explain in the section below)

Comments

Are all flood control structures located and labeled correctly on your map panels (dams, dikes, levees, etc.)?  Yes  
 No (if no, please explain in the section below)

Comments

Are the elevation benchmarks identified correctly on your map panels?  Yes  
 No (if no, please explain in the section below)

Comments

Please list any additional comments not addressed in the previous questions within this section.

### Flood Hazard Data Checks

Are mapped floodplains continuous from incorporated to unincorporated areas (or visa versa)?

- Yes  
 No (if no, please explain in the section below)

Comments

Do cross-sections on the map panels correspond to data in the FIS report?

- Yes  
 No (if no, please explain in the section below)

Comments

You should have received a Summary of Map Actions (SOMA) with your preliminary maps. Were Letters of Map Change listed under "Group 1" in your preliminary SOMA incorporated onto the preliminary map?

- Yes  
 No (if no, please explain in the section below)

Comments

Do flood hazard areas on your map panels correspond well to topography (contours)?

- Yes  
 No (if no, please explain in the section below)

Comments

Are there levees in your community that provide protection from the base flood, but are not shown as being protective on the preliminary maps?\*

- Yes (if yes, please explain in the section below)  
 No

Comments

\* It should be noted that in order for a levee to be shown as providing protection from the base flood, it must meet the requirements outlined in Title 44 of the Code of Federal Regulations, Section 65.10. FEMA's current policy is detailed in Procedure Memorandum No. 34, Interim Guidance for Studies Including Levees (August 22, 2005) and Procedure Memorandum 43, Guidelines for Identifying Provisionally Accredited Levees (September 25, 2006).
