

2010 Fishing Forecast Cowles Creek

Ashtabula County

Compared to Other Inland Lakes and Reservoirs

Steelhead Trout OUTLOOK: **GOOD**

Even though steelhead trout are not stocked in this stream, it receives a good run of steelhead trout from fall through spring. Anglers should fish within Geneva State Park upstream to S.R. 534. Upstream areas are outside of park boundaries and should only be accessed by anglers having written permission! Fishing pressure on this stream is considerably less than nearby Arcola Creek.

NOTES:

A map showing public fishing access sites on Cowles Creek can be found in the Steelhead fishing section of the Division of Wildlife's web site: www.WildOhio.com.
