Largemouth Bass **OUTLOOK: GOOD**

Bass numbers are high, but most fish are less than 13 inches. We have collected fish up to 20 inches during electrofishing surveys. In 2007, bass anglers caught fish at a better than average pace.

Bluegill Sunfish **OUTLOOK: GOOD**

Fair numbers of 5-8" fish. Worms and larval baits work well along edges of submerged plants or near standing timber. Due to clear water, try 10-15 foot depths using slip bobbers and wax worms.

Channel Catfish **OUTLOOK: GOOD**

Over 4,000 channel catfish have been stocked since 2004. In 2007, catfish anglers caught keeper catfish at a good pace.

Rainbow Trout **OUTLOOK: EXCELLENT**

About 2,900 catchable sized trout are stocked in March with an additional stocking of about 2,000 in October. Easy shoreline access provides great spring and fall fishing.
